October 24, 2023
School Partnership Committee Report

Three programs will see the light of day at our partner school the last week in October. Nancy Viau will present a number of her early learner books to kindergarten and first graders at Lord Baltimore Elementary School on October 26 as well as sharing information on how she goes about developing the ideas that eventually find their way into her finished volume. She will present to the four-year-olds at the Early Learning Center the following morning in four small group sessions. We have purchased various titles of her books for classroom use at both schools for students to become familiar with her writing.

Lisa Schnell, who presented to enthusiastic audiences at LBES in 2019-20, will share her volume, High Tide for Horseshoe Crabs, hopefully dressed in crab regalia, to second and third graders at LBES on Friday October 28 at two grade level assemblies.

Again, we have purchased multiple copies of the book to support her presentation.

We continue to seek authors for the remaining two programs scheduled for the spring of 2024.

Anyone interested in attending any of these programs please contact Lisa or Lawrence by October 23 by 3:30 pm.

Respectfully submitted,

Lawrence Mayer
