School Partnership Committee Report

Things are a go for our three author presentations in October.

On Wednesday, October 25, Nancy Viau will visit Lord Baltimore Elementary School and present several of her books to the Kindergarten and Grade 1 students. The next day she will visit the Early Learning Center to present to the 4-year-old classrooms.

On Friday, October 27, author Lisa Schnell will give presentations to both the 2nd and 3rd graders at Lord Baltimore Elementary.

If anyone is interested in attending any of these presentations, please let me or someone else on the committee know. I will be at Nancy Viau's visit to the Early Learning Center.

Currently the Committee is actively seeking authors for a spring presentation at both schools. Two authors have shown interest and we are in the process of finalizing dates.

We, as a committee are always open to suggestions and welcome new members.
