School Partnership Committee Report

There is not a lot of new news to announce since last month's report.

We have an author visit lined up at Lord Baltimore on April 28<sup>th</sup>. Lenny Holt is excited to bring his works to the students. The signed copies of his books that our committee purchased were delivered to LB this week, so the teachers can introduce the books ahead of Lenny's visit.

A meeting is between Pam Webb and Amanda Miller and the School Partnership Committee is scheduled for Monday, March 24<sup>th</sup>. The purpose for meeting will be to discuss ways to bring the students directly into the South Coastal Library.

Our committee will keep the board informed on our findings.
